MINISTRY OF DEFENCE  
HUNGARY

# 46<sup>th</sup> CISM WORLD MILITARY PARACHUTING CHAMPIONSHIP

## WELCOME!

First of all, let us welcome you on this long-awaited occasion on behalf of the Chairman and the Deputy Chairman of the Organizing Committee of CISM 46<sup>th</sup> World Military Parachuting Championship, and on behalf of the Commander of Hungarian Defence Forces Kiss József 86<sup>th</sup> Helicopter Wing.

It is a great honour for our country, for the Hungarian Defence Forces (HDF) and also for the city of our home base that the 2024 year's World Parachuting Championship can be organized here, in Szolnok, in the city, which houses the HDF 86<sup>th</sup> Kiss József Helicopter Wing and its related Szolnok-Szandaszőlös Airfield. We are proud of the fact, that the whole amount of the Hungarian military parachuting training is carried out here, in this place, which is also the home of our world champion National Parachuting Team.

Our Parachuting Team won the CISM 40<sup>nd</sup> WMPC's team in accuracy, in 2016, in Russia. We successfully organized the 42<sup>nd</sup> CISM World Military Parachuting Championship at Szolnok in 2018. In 2022 HUN MoD and Defence Forces officials decided to organize WMPC again in Hungary, shortly after this the organizing Committee started to work on this upcoming competition. The representative of the International Council of Military Sports (Conseil International du Sport Militaire - CISM) officially announced the venue of the event of sport historical significance at the World Championships in Güssing in 2022, and handed over the CISM flag to Colonel Tamás Bali PhD.

*Lt. General Ferenc KAJÁRI  
Chairman of Organizing  
Committee*

*Colonel Tamás BALI PhD  
Deputy Chairman of Organizing  
Committee*

46<sup>th</sup> WMPC was accepted at 77<sup>th</sup> General Assembly and Congress in Lima, Peru. The organization of a competition of this magnitude is a long and complex process that our colleagues have been pursuing ever since 2022.

The competition's technical, logistical, and infrastructural and security-related tasks could only be accomplished by the co-operation of several HDF units, numerous foreign nations and the city of Szolnok. Likewise, we have to thank Colonel Gernot Rittenschober (CISM PCSC Parachuting), who has tirelessly advised our Organization Committee on the championship related issues. Efforts and enthusiastic, persistent work always bear fruit.

We hope that you will feel this fantastic atmosphere in the forthcoming days in respect that you can participate in a joyful and problem-free competition.

We wish you and your team a successful competition and unforgettable memories upon your leave from the CISM 46<sup>th</sup> WMPC.

Friendship through Sport!
